WORK EXPERIENCE

FRONTEND DEVELOPMENT INTERN
ALTISSADVANCE TECH PRIVATE LIMITED, Matunga Road
November 2023 - February 2024 (4 Months)
- Contributed to SaaS web application development, enhancing functionality and user experience.
- Implemented user-friendly frontend solutions for websites, improving overall user engagement.
- Collaborated with the team to integrate design mockups and execute features, ensuring a cohesive user interface and experience.

PROJECTS

STUDENHUB (Inprogress)
Building StudenHub, an online platform for students to engage in academic collaboration and resource sharing. Check out my GitHub for the code: [GitHub Repo](#).

FOOD ALLS
A dynamic review system enabling users to find and rate street food vendors worldwide.
- Developed a web app using the MVC pattern, MongoDB, and Node.js.
- Integrated Google Maps API for location-based vendor search.
- Enabled user reviews and ratings, enhancing community engagement.

E-COMMERCE APP
Developed a feature-rich eCommerce platform using Angular and Java Spring Boot for a seamless online shopping experience.
- Implemented full CRUD operations for users, products, and orders, stored securely in a database.
- Integrated secure login and payment processing, ensuring transaction safety.
- Optimized for responsive design, providing a dynamic and user-friendly interface across devices.
